Dear Sir/Madam:

This letter is in direct response to your inquiry regarding the account listed above. The lost securities you notified us of are listed in the enclosed "Affidavit and Application."

We have placed a stop transfer restriction against these lost securities. This is done to assist in the prevention of anyone fraudulently presenting or selling the certificates as their own. Also as required by law, we have filed a Lost & Stolen Securities Program Report with the financial community on your behalf.

In order to replace your lost certificates we need you to purchase an Open Penalty Surety Bond for the certificates. To do this, simply complete and return the enclosed "Affidavit and Application" issued and underwritten by Liberty Mutual Insurance Company along with the specified fee. Alternatively, you can obtain one from a qualified surety provider of your choosing.

If you do recover or find any of the certificates listed in the "Affidavit and Application", please provide Computershare with a written notification signed by all registered holders. Once we receive this notification, the securities may be considered valid again.

Please see the checklist for any applicable legal documents that may also be required.

In summary:

1. Now that your certificates have been reported as lost, stops have been placed on them to help prevent them from being presented or sold.
2. In order to obtain replacement certificates you must purchase an Open Penalty Surety Bond. You can use the enclosed Affidavit and Application or find your own qualified provider.
3. If you recover the lost certificates, please send us written notification that is signed by all registered holders.

For additional information about the Lost and Replace Process:

- Write to us at Computershare, P.O. Box 43020, Providence RI, 02940-3020.
